Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROPULA AND SCROPCLOUS COMPLAINTS, EUUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TOMORS, SALT RHEUM, SCALD HEAD, STPHILIS AND SYPHILITIO AF-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by are nipped in the bud. Multifudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparill or any thing else.

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most, of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsaparilla which flood the market, until the Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irrestable by the ordinary run of the discussific intendby the ordinary run of the diseases it is intend ed to cure. Thus taking a purely selfish view of the case, it is evident that the Democracy as a party have an interest in the preservation of the Union beyond that of any other party organization.—
But the great mass of Northern Democrats who were ready to make every sacrifice for the Union when the Abolitionists talked of "letting it slide," and when the Republicans exclaimed "not an inch" of concession for the Union, were governed by higher, nobler, more patriotic impulses, when they filled up the ranks of other than the property of the Executive paralyzed, and when the Iriends of the Adminotic impulses, when they filled up the ranks of the army and rushed to the defense of the Gov-erament. At a moment, apparently more important than any other in our history, we are called on to turn aside from the support of the war now raging to form a new political party, to abandon the Administration whom we have elected, the principles on which the Union was founded, and unite in a new political organization without a working any cause for so extraordinary a movement, or asserting any principles or fundament at truth as the basis of this new party.

This movement is said to have originated with members of Congress who united in a recommendation to our State Committee to call no Republican Convention These members of Congress who united in a recommendation to our State Committee to call no Republican Convention These members of Congress did not form the Republican organization, nor were they elected for the purpose of disbanding it. They were sent to Washington under the most solemu pledge to use their constituted the most solemu pledge to use their constitutional powers to maintain the "right of man to live," and to uphold all collateral and incidental principles which flow from this seminal truth. saw, or thought I saw most clearly that our Government would be overthrown, unless the people could be aroused to the support of the primal objects and ulterior designs on which it was founded; and the highest enjoyment of my life occurred when the Rapublican Convention at Philadelphia enunciated the right of all men to life and liberty as the basis of its organization. The issue was formed by the Supreme Court, who, acting on behalf of the Democratic party, denied the self-evident truths on which our fathers challenged the sympathies of civilized men. The Chicago Convention re-assert ed these doctrines and on them the President, the Vice President, and all Republican members of Congress were elected.

This rebellion in behalf of slavery brought out a new phase in human depravity, and im-

out a new phase in human deprayity, and imparted to is a barbarous, a piratical character. European governments, seeing this, gladly sought other sources for their supply of cotton,

showing clearly that a government based upon human servitude could not exist amid the Christian civilization of the present age.

One consideration only marred the glory of our position. The attempt of public men to evade the fact that the government and slavery had closed in the death struggle; that only one could survive the conflict. The statesmen of other nations saw this clearly and wondered at the efforts of Congress to ignore the important the efforts of Congress to ignore the important

comfort to the enemy in two ways First, by enddavoring to pervert this war for the Constitution and the Union into a creamed against alayery, and thereby utterly destroying its remaining Union sendiment in the Southern States. Second, by wickedly and malitiously representing the Democrate of the North an accrea sympathizers with rebellion, ready to revolt against the Government upon the first favorable opportunity, and thereby encouraging the Southern Papapite to persevere in rebellion with the hope of ultimately obtaining assistance from the Northern Democracy.

No argument is necessary to demonstrate the dissemination of such treasonable by disastrous consequences to the cause of the Washington City and in the free proper to reconstruction. So anxious was a Congress that the object of the Government should be set before the Southern people in the proper to ireconstruction. So anxious was a Congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Government should be referred to the congress that the object of the Gover

tion—Why should a Democrat be a traitor ?—
The Democratic party has everything to lose and nothing to gain by the dissolution of the Union. Admit the fact that the strength of the Democratic party is in the Southern States, and so much stronger the reason why Democrate should desire and labor and fight for the maintenance of the Union. Those who seek to affix the stigma of treason to the Democratic party because it has stood up for Southern rights in the Union, reason most illogically, gress and the country, that slavers and feedom to show Conparty because it has stood up for Southern rights in the Union, reason most illogically, when they conclude that this party must necessarily sympathize with the Southern States in their efforts to get out of the Union. Not only daty to the government, but the highest interest of the Democratic party, impels it to wish for and to work for the preservation of the Union.

Thus taking a purely selfish view of the case, the work which he commenced.
